

Made for Delivery!

NEW!

DeliverCrisp™

Crispness that goes the distance.

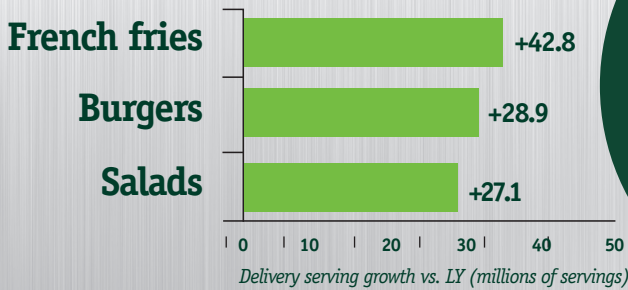

cavendishfarms.com

Our patented potato starch based coating is designed to provide these French Fries with unprecedented hold time. DeliverCrisp™ fries always arrive extra crispy and delicious - no matter the serving container - so customers order again and again.

French Fries are the **FASTEST** growing food item in delivery!¹

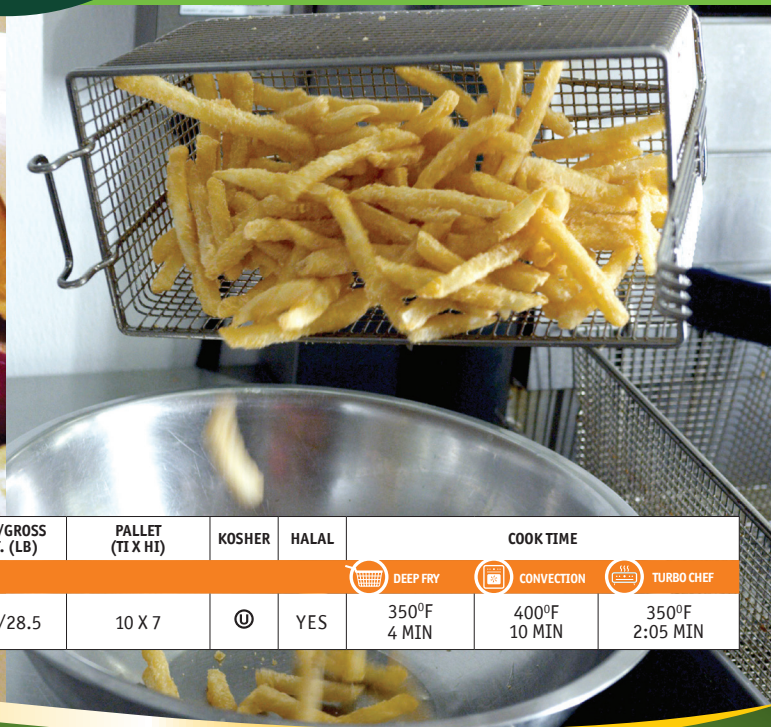

30+
minute hold time!

Crispness that goes the distance - no matter the serving container!

55% of restaurant delivery occasions are incremental orders.²

Promoting **DeliverCrisp™** fries adds profits that help offset delivery costs!
